

FRITZ HANSEN

MESSINA
PRODUCT FACT SHEET

MESSINA

Keep cool under the shade of the Messina umbrella and enjoy outdoor spaces to the fullest. Built from long-lasting materials and with a clean design, Messina will protect from the sun, shading hot summer days for many years to come. The textile is highly durable and treated to withstand water and dirt.

SPECIFICATIONS

Textile: The all-weather parasol textile is made from 100% spun polyester. Spun polyester does not wrinkle nor shrink and is a colour-fast material resistant to stains.

Solution dyed acrylic: The acrylic fibre used is a synthetic but cotton-like textile with exceptional features for outdoor usage, making it extremely colour and lightfast as well as water- and dirt-repellent and mildew-resistant.

Wood: Kapur wood is an excellent choice for parasol poles due to its strength and weather-resistant properties. The wood comes from Indonesia and is FSC-certified (100%). It has been lacquered and will slowly develop a patina over time because of the surface treatment.

WEIGHT

Ø210:	10 kg / 22 lb
Ø270:	11 kg / 24.3 lb
Ø300:	13 kg / 28.7 lb
270×270:	16 kg / 35.3 lb
300×300:	18,5 kg / 40.8 lb

COUNTRY OF ORIGIN

Wood origin: Indonesia

PRE-ASSEMBLED

Yes

PACKAGING

The units are shipped in a recycled cardboard box.
All packaging material can be recycled.

CLEANING AND CARE

Find recommendations for cleaning and care at:
fritzhansen.com/maintenance

REPAIR, DISPOSAL AND REUSE

In case of repair and disposal the units can be disassembled into parts. All parts can be recycled. Check local regulations for recycling options and whether there is potential for reuse.

WARRANTY

Fritz Hansen provides a five-year warranty on standard products against defects in materials and workmanship.

Additional warranty conditions can be found at:
fritzhansen.com/warranty
