

FRITZ HANSEN

COLUMBUS
PRODUCT FACT SHEET

COLUMBUS

The Columbus series takes its design cues from traditional American-style garden chairs. Pared back to a simpler, Scandinavian expression with slatted seats and visible fittings, the series is equally suited to al fresco dining and or relaxing on a sunny terrace or balcony.

SPECIFICATIONS

Wood: New wooden, teak furniture has natural colour differences found in the freshly cut wood. Once the furniture has been exposed to the sun, these colour differences will even out. As a natural part of the aging process, the surface of teak will change when first being exposed to rain; this is the first stage of a process of wood that ages with beauty.

Textile: SunTexture is a water-repellent textile with a high UV resistance and comfort, making it a good choice for outdoor use.
