

FRITZ HANSEN

SKAGEN
PRODUCT FACT SHEET

SKAGEN

Named after the northernmost tip of Denmark, the Skagen series of outdoor furniture designed by Mogens Holmriis draws inspiration from the region's natural beauty. Characterised by meticulous craftsmanship and elegant silhouettes, the series is shaped from FSC-certified teak, a durable hard wood that patinates to a silver-grey hue over time.

PACKAGING

The units are shipped in a recycled cardboard box. All packaging material can be recycled.

MATERIAL

Teak (Untreated)

CLEANING AND CARE

Find recommendations for cleaning and care at: fritzhansen.com/maintenance

FEATURES

- Seat cushion (Please find further details on p. 4-6)

REPAIR, DISPOSAL AND REUSE

In case of repair and disposal the units can be disassembled into parts. All parts can be recycled. Check local regulations for recycling options and whether there is potential for reuse.

MADE-TO-ORDER

N/A

WARRANTY

Fritz Hansen provides a five-year warranty on standard products against defects in materials and workmanship.

CERTIFICATION

- FSC™ FSC-C120451: The wood used for Skagen is FSC-certified (FSC 100%). The FSC-certification ensures the wood is from responsible and environmentally managed forests that preserve the natural surroundings and support the local community.

Additional warranty conditions can be found at: fritzhansen.com/warranty

SPECIFICATIONS

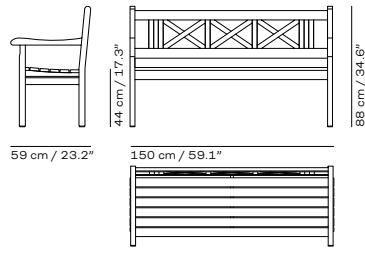

Wood: New wooden, teak furniture has natural colour differences found in the freshly cut wood. Once the furniture has been exposed to the sun, these colour differences will even out. As a natural part of the aging process, the surface of teak will change when first being exposed to rain; this is the first stage of a process of wood that ages with beauty.

CUSHIONS

DESCRIPTION

Designed for the Skagen series, these outdoor cushions offers supreme sitting comfort thanks to its supportive and quick-dry outdoor foam inner and Oeko-Tex®-certified textile cover. Wicking away water and repelling dirt and mildew, the weather-resistant design is offered in a range of timeless colours and patterns. It can be secured to the bench with tie fastenings.

SPECIFICATIONS*

The quickdry outdoor foam provides a firm and comfortable seat that retains its shape year after year. The open-cell structure allows both water and air to pass through ensuring the cushion dries exceptionally quickly, even after a heavy downpour. To ensure cushions remain beautiful over time, it is good practice to avoid them being left wet for prolonged periods, e.g., by turning them upright to let water run off or storing them in a dry environment.

WEIGHT

Chair Cushion: 0,6 kg / 1.3 lb
Bench Cushion: 1,6 kg / 3.4 lb

COUNTRY OF ORIGIN

Produced in: Poland

IMPORTANT NOTE!

Under current UK law, Fritz Hansen is not able to provide outdoor cushions and pillows with the same filling as the regular collection. We still offer cushions and pillows in an outdoor textile with weatherproof properties, but the filling is not weatherproof due to stringent (indoor) fire regulations. We therefore recommend that you bring cushions and pillows indoors in heavy rain and when they are not in use.

The FR cold foam provides a firm and comfortable seat that retains its shape year after year. The FR cold foam is not weather resistant, and therefore it is recommended to store the cushions indoor when not in use and during heavy downpour. To ensure cushions remain beautiful over time, it is good practice to avoid them being left wet for prolonged periods, e.g., by turning them upright to let water run off or storing them in a dry environment.
